

## Costenar Eduard Web Developer

### About me

Hello, my name is Eduard and I'm 26 years old. I am a Web Developer who likes to create responsive and reliable websites, improving, optimizing and adding features to existing websites using ES6 JavaScript and CSS3. I learned to work with Photoshop, HTML, CSS, JS, jQuery, Bootstrap, Responsive Layouts, MySQL. I'm currently learning some frameworks for JS like Vue and React. I'm very excited to learn new technologies and face new challenges using the most efficient and appropriate tools. PS: this resume was made using only HTML and CSS.
